ENVIRONMENTAL SCIENCE AND ENGINEERING PROGRAM

23 May 1995

Mr. Gordon Sutin  
SEMASS  
P.O. Box 160  
W. Wareham, MA 02576

Dear Mr. Sutin,

On behalf of the entire class as well as myself, I am writing to thank you for welcoming us to your plant and giving us such a well conducted and informative tour of the facilities. I have read all of the students' trip reports and I am sure you will be delighted to learn that they expressed amazement that a waste processing plant could be operated in so efficient and clean a manner. One Korean student and one Taiwanese student said they plan to recommend your system when they return home.

Once again I send thanks and best wishes, plus the hope that we will be able to return with future classes.

Sincerely,

Melvin W. First, Sc.D.  
Professor of Environmental  
Health Engineering, Emeritus
